

November 2021

In 1989 the United States Government designated the *S.S. Milwaukee Clipper*, a National Historic Landmark and has charged the Milwaukee Clipper Preservation, Inc. (MCPI) the owner of the *Clipper*, with the duty to hold the eleven decades old steamship in trust for everyone. MCPI has been honored with this recognition.

Our duty is to promote the preservation of this vessel for the inspiration of people of the United States. Our priority at this time is to paint the entire exterior that is badly rusting in many sections. These are financially challenging times that we all are experiencing. We need to honor our obligation to preserve our National Historic Landmark. Incoming revenue to support our many projects is badly needed. We hope that we can count on your support on "Giving Tuesday", Nov. 30, 2021.

All our hopes rest on the possibility that one day the *S.S. Milwaukee Clipper* will have a permanent location that the ship will be able to call home. If you can help us in this quest, PLEASE, contact us by email www.milwaukeeclipper.com or postal mail or phone Jim Plant 231-744-5101.

We are a 501 C (3) non-profit organization. Our tax number is 38-3368949
